

TRAFFIC IN DISTRICT BATTLES SNOW AND ICE READY TO HONOR VETS

Heavy November Snowfall Hinders Traffic In State

Northwestern Pennsylvania
Reports From 6 To 14
Inches Of Snow

Highways Are Icy; Contin-
ued Cold Weather Is
Predicted

(International News Service)

Western Pennsylvania to-
day sent snow plows into ac-
tion to clear trunk high-
ways. Reports of the heav-
iest November snowfalls in
more than two decades were
recorded in many districts
of the state.

Although snow flurries whirled
around Harrisburg and Philadel-
phia, little difficulty was en-
countered in the central and eastern sections
of the state in keeping traffic moving.
Temperatures above freezing were
climbing slowly in Harrisburg and
Philadelphia today after falling to
or near the freezing point during
the night.

In the western and northern sec-
tions of the state an entirely differ-
ent story was being told today as
emergency crews fought to free roads
of snow and ice that formed when
temperatures dropped to the twen-
ties and below.

Near the lake, highways were un-
der six to 14 inches of snow and ice.
From Portersville to Erie, six to
eight inches of snow covered roads,
while on the DuBois-Buffalo trunk
highway, snows between a foot and
14 inches deep were frequent.

The Pittsburgh Automobile Club
reported five to eight inches of snow
and ice between Greensburg and Ligonier
and to a point just beyond Bedford.
A coating of ice made caution nec-
essary on roads for some distance
east of this point.

From McConnellsburg came re-
ports of ice covering highways.

On the Williams Penn highway, ice
was said to be covered by eight
inches of snow as far east as Lewis-
town and from Hollidaysburg to
Sunbury traffic was moving slowly.

On the cross country highways,
snow and ice were reported on the
Pittsburgh-Cleveland and a Pitts-
burgh-Columbus route.

Weather bureau officials said the
snow and cold was sweeping north-
eastward and would probably strike
in the metropolitan New York and
New England sections tonight.

Continued cold weather was pre-

Ready To Honor Moser Tonight

Public School Writing
Teacher Of Other Days
To Be Given Tribute

PROGRAM AT
BEN FRANKLIN

Writing students of other days,
you and you, you, will gather
tonight in the Benjamin Franklin
Junior High school to pay homage
to the man who started them on the
"free arm movement", Prof. J. L.
Moser, who for many years was
the writing supervisor of the
public schools.

The movement to pay public trib-
ute to the grand old man has been
gaining momentum for several
weeks. Alumni associations of the
various schools have taken the mat-
ter up, prominent citizens have joined
in the plan, and tonight they will
gather in the Franklin auditorium
to give vocal expression to the re-
spect they had him for as kids.

Starts At 7:45

The program starts at 7:45 with
an orchestra presentation by the
Franklin orchestra under the direc-
tion of John E. Paton. At eight
o'clock the program will get under
way with Charles H. Andrews as
chairman of the evening. A num-
ber of addresses are scheduled and
a Treasure Chest will be presented
to Prof. Moser.

The reception to Prof. and Mrs.
Moser is open to the public, es-
pecially to that part of the public
that studied under Prof. Moser's
instruction. There are thousands
in the city who remember him as
the writing teacher, who remember
those fancy Spencerian examples he
used to put upon the blackboard or
upon the high school diplomas.

Tonight is just a gesture of ap-
preciation to the old gentleman,
and his wife and it is hoped the
auditorium will be crowded.

President Meeting Litvinoff In First Formal Conference

WASHINGTON, Nov. 10.—As
President Roosevelt prepared to
hold his first formal conference
with Maxim Litvinoff, the Soviet
foreign commissar, today it became
known the Russo-American conver-
sations were not progressing as rap-
idly as had been anticipated.
Hope was held in some quarters
the president would be able to speed
them in his conversation with the
Soviet statesman at the white
house this afternoon. Otherwise,
American officials expressed doubt
that recognition would be extended
the Soviet Union by tomorrow, as
had at first been predicted.

Pledge Of Secrecy

conversations was shrouded in a

Bear Hunters Are Out Today

(International News Service)
HARRISBURG, Nov. 10.—Cool,
crisp weather brought joy to the
hearts of hunters and snow to many
sections of the state as the big
game hunting season in Pennsylv-
ania opened today.

Thousands trudged through snow-
clad woodlands in search of black
bear. Favorite haunts of these ani-
mals include Potter, Clinton, Elk
and Tioga counties.

The bear season closes when the
shooting of deer becomes legal on
December 1. All bear must be more
than one year old to be legally bag-
ged.

Cuban Battle Costs 100 Lives

(International News Service)
HAVANA, Nov. 10.—Despite their
defeat in Havana in a long bitter
battle which took more than 100
lives, rebel foes of President Ramon
Grau San Martin organized in the
interior today for a battle to the
death with the provisional govern-
ment.

The unconquered insurgents were
reported to be moving swiftly in
Oriente province, and were known
to have seized control of several
towns and villages. Santa Clara and
Carnaguey provinces also were re-
ported to be beehives of rebel ac-
tivity.

The wrecking of communication
lines and a strict censorship on news
from the interior made it difficult
to ascertain the exact state of affairs
outside Havana. This served to in-
crease the anxiety of foreign busi-
ness interests and of Havana citi-
zens who feared a rebel march on
Havana might result in still more
fighting in the capital's streets.

WILL ROGERS says:

(Special To The News)
BEVERLY HILLS, Cal., Nov.
10.—This country is coming
back; the best indication was
old Kentucky. She disposed of
sixteen at Tuesday's elections.
That's a mighty good showing
on what's called an off-election
year, and when you consider
that they needn't have voted at
all, for prohibition had already
been repealed by 36 states.

Old Kentucky has a law which
gives the doctors the benefit of
the doubt. They won't count
votes or bodies till the next day.
Clubs were wielded and heads
were disorganized in New York,
too. This is all a good 'n.
It shows we are getting out of
our effeminate period of voting,
where you do nothing but vote.
Led by the spirit of old Ken-
tucky, we are returning to
American principles — all but
the Carolinas.

Picketing Lags In Middle West

Wintry Weather And Grow-

ANTI-FARM STRIKE
GROUPS FORMED

(International News Service)
DES MOINES, La., Nov. 10.—
Picketing activities on farm-to-
market highways lagged today in
the Middle West farm strike sector
as wintry weather and a growing op-
positionist movement in agrarian
ranks cleared many of the roads.

Anti-farm strike organizations
were being formed in both Iowa and
Wisconsin.

In the area south and west of
Chicago, however, the farm holiday
movement stopped the milk sup-
plies of Kankakee, Ill., and the
nearby towns of Bourbonnais and
Bradley. Seventy-five grain elevators
in Grundy's Ironworks, Kankakee
and Will counties were closed at the
request of strikers. Deputy sheriffs
patrolled the Illinois highways, but
there was no violence.

The football hero looks ahead and
feels a trifle blue, for just a few
more weeks and then the hero will
be through. No crowds of people
yelling for a touchdown or a pass,
no cheers for him as he steps out,
no smiles from every lass. For foot-
ball heroes bloom a while and fade
with snow and frost, and when there
are no games to play the football hero
is lost. For other stars will take his
place, in basketball and rack, and
once he's through, the hero's
through, there is no coming back.
So shed a tear and heave a sigh for
soon they'll end the play, the hero's
the forgotten man, it's thirty two
today.

PA NEW OBSERVES

Motorists who were out on the
road last evening state that driving
conditions were extremely bad. A
regular blizzard raged between 7:30
and 9:30, making procedure diffi-
cult. Those who had no chains had
a battle on their hands to get
through.

Sudden descent of winter weath-
er conditions in the past few days,
has proven a boon for service sta-
tion, garage and battery service
men. Hundreds of motorists were
caught unawares by the sudden de-
scent of winter weather.

Driving on the city streets last
night about 11 o'clock was most pre-
carious. The streets, especially the
hills, were a glare of ice and more
than one driver got a real thrill, if
no serious accident. Hills were as-
hed this morning and eased up traf-
fic hazards.

STATE LEGISLATURE MEETS NEXT MONDAY

Liquor Control Leading Issue

Governor And Legislators
To Seek Solution Of
Many Problems

RELIEF IN STATE TO BE CONSIDERED

By WILLIAM J. KELLY
International News Service Staff
Correspondent
HARRISBURG, Nov. 10.—
Election interests were cast
aside today until the spring pri-
maries and Pennsylvania's polit-
ical picture prepared for a quick
shift from the polls to the Gen-
eral Assembly halls.
Drama, both light and serious,
feature the show which will be open-
ed officially next Monday at noon
by Gov. Gifford Pinchot. It is de-
signed for an indefinite run.
Addressing a General Assembly
opening will be a familiar role for
Governor Pinchot, who has per-
formed that duty at all regular ses-
sions and three special convocations
during his two administrations.

Dozen Issues
Perhaps a dozen issues, chief of
which is liquor control, must be con-
sidered. Tuesday's election assured
repeal of the 18th Amendment on
December 5. Because the Snyder-
Armstrong Act, state dry law, crum-
bles with repeal, Pennsylvania
must have adequate legislation to
stem the gush of hard liquor on that
date.

In addition, the existing beer acts,
which govern only beer and wine up
to 3.2 per cent alcoholic content,
must be amended to assure unin-
terrupted collections of the state tax
now running on the basis of \$6,000-
000 annually.
Political observers feel confident
the governor also will ask the law-
makers to consider relief, old age
pensions, highways, education,
finances, social and banking
legislation, and subjects to enable
the state and municipalities to join
in the national recovery program.
Governor Pinchot and Edward
Martin, Republican state chairman,
have pledged themselves to keep
politics out of the session. How suc-
cessful they will be is food for
speculation. Democratic leaders en-
dorse the plan for a "short, inex-
pensive session" but regard the in-
jection of politics as "inevitable."

Harrisburg Is Set
The Capitol is set for the show,
interesting to spectators and finan-
cially profitable to the city. Com-
mittee and filing rooms, hearing
remnants of the regular session last
winter, have been put in order.
The brevity or length of the ses-
sion depends greatly on the success
of conferences attended by Governor
Pinchot, Martin, Lieut. Gov. E. C.
Shannon, Grover C. Talbot, speaker
of the house, Senator Harry Scott,
Attorney General William A.
Waters, and Rep. John M. Flynn,
etc.

For three weeks this group has
discussed liquor legislation. The
exact details of their accomplish-
ments are cast in secrecy, but two
plans of control appear to have
divided support. The governor is in
favor of placing the commonwealth
in the liquor business through a
system of state dispensary stores.
In addition, he would permit sales
in hotels and with meals in dining
clubs and restaurants.

His desire to eradicate the boot-
legger by making the liquor busi-
ness unprofitable for him has the
backing of conferees. Leaders of the
Republican organization, however,
are reported in support of issuing
licenses to privately owned stores.

Governor Has Last Say
Any agreement reached on this
and other issues will serve as a test
of Martin's control over the major-
ity Republican forces in the assem-
bly halls. Last winter, leadership was
conspicuous by its absence among
all factions. Confusion and consid-
erable delay resulted. This was es-
pecially true on the beer laws which

were finally enacted after the state
had lost approximately a \$1,000,000
on taxation.
If no agreements are reached, the
session is likely to become a trading
post for all concerned. With his veto
power, the governor can kill legisla-
tion contrary to his beliefs, because of
the party representation in both
houses, attempts to carry bills over
his veto are likely to be few as was
the case last winter. At times there
was plenty of talk about such action
but no move ever was made.
Legislators will receive only \$500
for their labors, regardless of the
duration of their stay. Under these
conditions they will be anxious more
than ever to finish their work and
avoid delay. A protracted session
will cost the majority of legislators
an outlay of their personal funds.
This condition may hurry agree-
ment on a denatment of legislation
which will assure the commonwealth
badly needed revenue when repeal
is proclaimed.
One political observer's comment
tells a story:
"The governor's salary will enable
him to stay longer than that re-
ceived by the legislators."

New Post Office Probe Is Opened

Brick Masons Reject
Kutsche Offer Here

Early this week a body of repre-

here, asked the United States gov-
ernment to investigate alleged in-
regularities at the city's new post-
office, and today Resident Construc-
tion Engineer Miles E. Myers, gov-

has advised him that an investiga-

layers' wages has begun.

The federal engineer, further than
making the announcement, had
nothing to say as to the investiga-
tion.
Mr. Myers, however, announced
that the A. W. Kutsche company,
general contractor, offered here to-
day to settle with the bricklayers
by paying them \$82 for work done
during October, but that the masons
refused to accept what they claim is
only part-payment.

FOUR PERISH IN PLANE CRASH AT PORTLAND, OREGON

(Continued From Page One)

10:45 last night. Airport officials
were unable to place the definite
time of the crash, but believed the
tragedy occurred shortly after the
takeoff.
The blazing wreckage was found
on the sloped hillside. It had crash-
ed into the trees and caught fire a
few minutes later.

Stewardess Is Heroine
The heroic work of the cool headed
stewardess, Miss Wurgast, was high-
ly praised by airport officials. De-
spite her injuries, she pulled four of
the bewildered passengers from the
flaming plane.
Co-pilot Woodworth, cut and dazed,
fought his way through the fogged
hills and deep underbrush for two
and one-half hours before he made
his way to Thurman road and roused
a resident, who telephoned for am-
bulances.

Meanwhile at the scene of the
wreck, Dr. on Straumfjord, a pas-
senger, battled desperately to save the
life of his partner, Dr. Coffey. He
forced his way into the burning
plane in an effort to assist the
trapped physician but was driven back
when the second gasoline tank of the
plane exploded.

Rescue Attempt Fails
Dr. Straumfjord's hair was singed
to the scalp and he suffered painful
burns in his heroic attempt.
Both doctors were on a mission of
mercy. They were bound for Med-
ford, Ore., to submit to a blood
transfusion in an attempt to save
the life of a fellow doctor, who at
one time had saved the life of Dr.
Coffey.

Sheriff Race In Allegheny Close

Only 115 Votes Separate Re-
publican And Democratic
Candidates

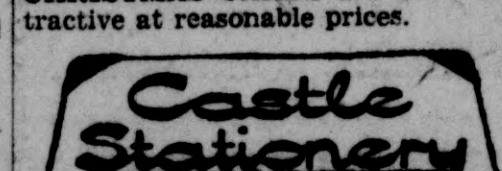

(International News Service)
PITTSBURGH, Nov. 10.—Returns
from 941 of the 942 precincts in Al-
legheny county today showed
Sheriff Frank I. Gollmar, Republi-
can, leading by 115 votes in the race
for re-election. Democrats made a
clean sweep of all other contests.
The missing box, taken from an
election district by two armed and
masked thugs, contains 396 votes
cast for John Heinz, Democratic
nominee. This figure has been
agreed upon by Republican and
Democratic watchers as well as in-
spectors.
The 385-ballot total would give
Heinz the office if the figure is ac-
cepted by judges of the returning
board today.

HEAVY NOVEMBER SNOWFALL HINDERS TRAFFIC IN STATE

(Continued From Page One)

dicted for today and tonight in
Pittsburgh although at Harrisburg
and Philadelphia no additional snow
was expected.
Light rain or snow was predicted
for western Pennsylvania Saturday
night.

Aviation weather reports indicated
good flying weather in the southern
section of the state with the excep-
tion of the "Hell Stretch" where snow
squalls were being encountered. Be-
tween Harrisburg and Camden, N.
J., and Philadelphia, skies were clear
with visibility of between five and
ten miles.

In the mountains, low clouds were
reported with the tops of peaks con-
cealed in many instances.

Traffic Snarled
Franklin, Oil City and other Ven-
ango county towns witnessed snarled
traffic as a ten-inch snowfall de-
cended. More snow fell during six
hours last night, according to dis-
patches from this region, than fell
in the entire winter season a year
ago.

Pittsburgh was fighting ice and a
two-inch snowfall on city streets,
with a temperature of 28 degrees
reported as a low.

Philadelphia, however, was only
shivering with a low temperature of
four degrees above freezing. Har-
risburg reported freezing tempera-
tures with snow flurries.

Driving conditions in the western
section of the state were treacher-
ous and auto clubs advised the use
of extreme caution and chains. Avia-
tion concerns and railroads reported
scheduled flights going through on
time in most instances.

Bus operations in Oil City and
Franklin were suspended for several
hours during the fall last night.

cluding "the establishment of state
stores for the sale, not for consump-

He also recommended receipts of
state stores be used for unemploy-
ment relief, old age assistance, un-
employment insurance.

He urged that money derived from
a tax be used for assisting finan-
cially handicapped school districts;
creation or improvement of state
buildings or other public works; un-
employment relief; restoration of
work formerly done by various state
departments; payment of the salary
of the judge of juvenile court of Al-
legheny county; mobilization of the
entire Pennsylvania guard at In-
diantown Gap in 1934, and payment
of bills of the general assembly.

His proclamation also urged leg-
islation for the rehabilitation of in-
dustries, prohibition of private em-
ployment of deputy sheriffs, regula-
tion of hours, wages and general im-
provement of laboring conditions.

In regard to local taxation, he re-
quested laws permitting an invest-
igation and reduction of the cost of
local government. In this connec-
tion he urged the legislature to take
over 53,000 miles of second class
township roads permanently.
The regular 1933 general assembly pro-
vided for the maintenance of these
roads for a two-year period.

To aid financially distressed
school districts, the governor recom-
mended adoption of an income tax.
He would restrict the use of high-
ways by trucks on Saturday after-
noons, Sundays, and legal holidays.

who participated in the state de-
partment conversations.
Although officials would not ad-
mit any serious hitch, it was learned
that the conversations were ex-
pected to continue into next week un-
less the president acts.
Serious doubt was expressed
whether they would advance suf-
ficiently to permit an understand-
ing concerning recognition before
Secretary Hull departs tomorrow for
the Pan-American conference at
Montevideo.
Mystery concerning the status of
the discussions was increased by
the unexplained postponement of a
scheduled meeting between the
president and Mr. Litvinoff at the
white house last evening.

Regional Labor Board Is Ready For All Disputes

Pittsburgh's Newly Created Labor Board Ready To Delve Into Work

(International News Service) PITTSBURGH, Nov. 10.—With its internal arrangement and organization plans terminated, the Pittsburgh Regional Labor Board was ready "on-call" today to plunge into any industrial disputes that might develop within its territory to threaten recovery.

Aim of the regional board, like that of innumerable others established throughout the nation in conjunction with the NRA program, is to maintain harmony between employer and employee. The local board's jurisdiction extends to all strikes and settlements with exception to the coal industry, whose troubles are delegated direct to the national board.

Organized under the chairmanship of Dr. Thomas S. Baker, president of Carnegie Institute of Technology, the Pittsburgh Department contemplates its first hearing Monday. Complaints which might arise or have arisen in Western Pennsylvania, parts of Ohio and the West Virginia Panhandle will be aired in the initial meeting.

Ballot Box Is Ordered Brought Before Judges

Error Is Found In Return From Second Precinct Of Second Ward

SOME TALLY SHEETS ARE FOUND MISSING

Apparent discrepancies in the returns of the second precinct of the second ward, caused Judge R. L. Hildebrand to order the ballot box from that district to be brought before the return judges, who are counting the vote today.

A check up of the tally showed that Edward Pritchard, Republican candidate for sheriff had received 163 votes, whereas it had been reported that he had received 165 or a difference of 12 votes. Indications were that the error had been due to a mistake in counting.

In some of the other returns it was found that there were no tally sheets showing the vote of the referendum, or on the local option issue, although the vote cast was given on the triplicate return sheet.

Indications were that the election boards had kept tally on separate sheets of paper as there was no place for a tally designated on the printed tally sheet, stated that it is Judge Hildebrand stated that it is important in counting the vote that it be noted on the tally sheets. There should be two tally sheets kept during the counting, and they should both be returned with the triplicate and other returns.

It is wrong to tally votes on a sheet of paper, other than the regular tally sheet, as the sheets upon which the tally has been kept are thrown away, and there is no way of checking the figures on the triplicate return sheet. The return judges rely on the tally sheets for correct returns.

Woman Applies For Membership In Stock Market

**Pittsburgh Financial Heads
Undecided Rather To
Accept Woman As
Member**

(International News Service)
PITTSBURGH, Nov. 10.—Femin-
ity has progressed—in the absence
of a better word—to the point where
a lady may smoke in public.
She may even wear trousers.
She may (and does) aspire to pub-
lic office.
But does she dare hope for rec-
ognition in the busy financial
markets?

That was the question today agi-
tating the staid old Pittsburgh Stock
Exchange whose directors have
taken no action on the application
of Miss Jane Zacharias for transfer
of a stock exchange seat to her
name.
Opinion Divided
The exchange is divided into two
hostile camps on the unprecedented
issue of whether a woman may join
in the milling throng around the
local bull ring.
Miss Zacharias in private life is
Mrs. John C. Blair, Jr. She seeks
to have the exchange membership
of her husband transferred to her
name because other business inter-
ests occupy his attention.
There is no rule against admission
of women to membership, but direc-
tors may refuse admission without
declaring the reason for such re-
fusal.
Miss Zacharias has been active in
the brokerage and investment busi-
ness here for several years. Re-
cently her firm handled the finan-
cing of the Brackenridge Brewing
company.

Expensive Lesson In Geography For Baltimore Resident

**Bets Pilot Of Plane That They
Are Over Maryland, But
Its Charleroi, Pa.**

(International News Service)
CHARLEROI, Pa., Nov. 10.—The
story was still going the rounds to-
day, and bringing chuckles from
the local boys on downtown cor-
ners, about how a powerful Amphib-
ian plane swept down upon the
Monongahela river yesterday, ap-
parently in trouble.

Townsfolk paddled out in row-
boats, ready to lend a willing hand.
A head came out of the cockpit
sheath.

"What state is this?" the question
came from Frank D. Erosse, 29,
prominent Philadelphia clubman
and pilot.

"Pennsylvania," the boatman
chortled.

And then another head came up

from the forward seat, showing a
face registering dismay which may
well have been concern over a
forced landing.
"Ye Gods, I lose \$50! I bet we
were over Maryland," the second
man groaned.
A moment later the plane took off
again. The loser was a Baltimore
shoe manufacturer who refused to
give his name.

FINALLY SUCCEEDS IN ENDING LIFE

(International News Service)

RAWLINS, Wyo.—Four failures failed to discourage Adolph Albane, 18-year-old inmate of the Wyoming state penitentiary, in his attempt to commit suicide. On his fifth attempt he succeeded in wrapping the chain of his cell bunk around his neck and hanging him-

self. Prison employees had previously removed everything from the cell which they thought could be used in taking his life, including his belt.

FATE IS KIND TO SLEEPING MOTORIST

GREEN RIVER, Wyo.—A locomotive whistle shrieked, a crossing bell changed, there was a tremendous crash and a freight train came to a

stop with the wreckage of an automobile clinging to the cowcatcher. Trainmen rushed frantically to the automobile, where they found Alvin Anson, 32—sound asleep. Anson was brought to a hospital here and treated for lacerations on his face and scalp, then jailed for driving while intoxicated.

A new rough woolen cloth is named "elephant's hide."

NOT THIS MRS. ABRAHAM

PROHIBITION REPEAL PROVIDES NEW PROBLEMS

Liquor Control Problem Keeps Roosevelt Busy

President Can Exercise Broad Emergency Powers Over Control Of Legalized Liquor

CALLS MEETING OF EXECUTIVES

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Nov. 10.—The degree to which the federal government will attempt to control the re-legalized liquor traffic is already providing a knotty problem for President Roosevelt and his advisers to solve.

While repeal of the 18th amendment contemplated throwing control generally back into the hands of the various states, Mr. Roosevelt nevertheless is in a position to exercise considerable regulatory powers—if he chooses to do so.

The presidential authority lies not in the new 21st amendment itself, but in the broad emergency powers granted in the national recovery act and kindred legislation.

The AAA (agricultural adjustment administration) is already engaged in drawing up a code for the distilling industry, in conjunction with the NRA (national recovery administration). A new "beverage section" of the AAA has been created under the direction of Harris E. Willingham.

Emergency Powers.
The presidential authority lies not in the new 21st amendment itself, but in the broad emergency powers granted in the national recovery act and kindred legislation.

The AAA (agricultural adjustment administration) is already engaged in drawing up a code for the distilling industry, in conjunction with the NRA (national recovery administration). A new "beverage section" of the AAA has been created under the direction of Harris E. Willingham.

Knotty Problems.
Among the other problems confronting the federal government under the new deal in prohibition are: Taxation, which involves the establishment of rates high enough to yield a maximum of revenue, yet low enough not to discourage continuation of bootlegging. A special sub-committee of the house ways and means committee is now studying the problem.

Tariff, which is closely allied with the tax problem. An embargo on foreign liquors is now in effect and will continue until the repeal date, Dec. 5. After repeal, liquor becomes like any other imported product. However, under the vast emergency powers vested in the president to control imports, establish quotas or embargoes, he can, if he desires, bar out all foreign importations.

Prisoner Policy.
Some policy also must be adopted concerning the thousands of prisoners now serving terms in federal prisons for prohibition violations. The expectation is that a lenient policy will be adopted toward those

who are not hardened criminals, or old offenders. President Roosevelt already has been petitioned by some members of congress to grant clemency to prohibition prisoners.

Thousands of prohibition cases remain on the dockets of federal courts or await action by grand juries. There is a disposition to get rid of these quickly, and follow through in the most flagrant cases.

Protect Grain.

Secretary of Agriculture Wallace is expected shortly to announce a hearing date for a distillers' code which will seek to incorporate protection for American grain producers and regulations governing the cutting of liquor for the market.

On the latter point strong sentiment is developing for use of grain alcohol for cutting purposes rather than the use of cheaper molasses base alcohol. Secretary Wallace is awaiting further developments before making a public statement of his policy but it was indicated that he will adhere to the old treasury definition of whiskey as being made from grain.

BUYER BALKS AT COW ON NRA PRODUCTION
(International News Service)
DENVER, Colo.—An irate citizen appeared before Deputy District Attorney Herman Castle and Andrew J. Reynolds and declared he brought a cow for \$25 with the understanding she would give three gallons of milk a day.

"I fed her well for several days but the best she could do was a couple of quarts a day" he declared.

"It's probably Denver's NRA cow, working under shorter hours," Reynolds said. Then he advised the outraged purchaser that the difference between the promised three gallons and the actual two gallons was a civil matter.

Queer world! The man who ends a great evil is the one who makes it so bad that people will no longer stand for it.

Rose Avenue P. T. A. Meeting

Mrs. C. K. McGeorge Addresses Group On "Emotional Background Of Adolescence"

Thursday afternoon the November meeting of the Rose Avenue Parent-Teacher Association was held in the school with Mrs. C. R. Brenner presiding.

Miss Helen McGaffie was in charge of the program and pupils of Grades 2A and 3A were presented in a sketch "Shoes of Yesterday and Today" directed by Miss Mildred Smith. Mrs. Thomas McNicholas sang "Danny Boy" accompanied by Mrs. Gomer Emery.

The speaker was Mrs. C. K. McGeorge, who had "Emotional Background of Adolescence" as her theme and she stressed the point that patience and sympathy were necessary in dealing with the adolescent of today.

A discussion of the presentation of a talking picture was taken up and will be decided upon later. Visitors for the program were Mrs. J. C. Wirtz, Mrs. George A. Metz, Mrs. Mary Schweikert, and Mrs. Elizabeth Kruger of St. Joseph's Parish school.

Mrs. M. R. Bates and Mrs. E. L. Davenport gave reports of the Pittsburgh conference.

Mrs. Carrie Jeffreys Roberts will be the speaker for the December 8 meeting.

Former Students Return Saturday

Homecoming Day At Westminster Has Ten Events
On Program

**PROGRAM STARTS
WITH PEP MEETING**

(Special To The News)
NEW WILLIAMINGTON, Pa., Nov. 10.—Hundreds of alumni and former students of Westminster College will gather here Saturday to celebrate alumni homecoming day and Armistice day. A program of 10 different activities has been arranged, and officials in charge believe that one of the largest gatherings in recent years will be on hand.

Starting tonight at 7:15 there will be plenty for visitors and students to do. A bonfire and cheer practice will be held tonight with Walter Donaldson, varsity cheer leader, in charge. Professor Donald Cameron will have the college band on hand to provide music for tonight's gathering, and W. Allen Firman, student drum major, will lead the band.

Co-Ed Field Hockey
Tomorrow morning at 10 o'clock co-ed field hockey teams representing the junior and senior classes will play a game on the upper campus. At 1 o'clock an alumni luncheon will be held in Browne hall to which all alumni, former students, and friends are invited.

At 1:30 a cross country race over the Fayette five-mile course will be run between Westminster and Muskingum harrier teams. The teams will start at the end of South Market street, and will finish near the East end of the football field. Perry Klumpp, New Wilmington, is captain of the Westminster team.

Football Game
Westminster stacks up against Muskingum in a football game at 2:30 on the college field. The Muskies have another strong team this year and are given the edge in the battle, but Westminster outplayed the Black and Magenta outfit at New Concord last year and hopes to surprise the visitors.

A reception for alumni, former students, and parents of students has been planned for Browne hall at 4:30. Fraternity and sorority dinners will be held in fraternity houses and in various tea rooms and restaurants around town at 5:30.

Plays And Dance
Two one-act plays will be produced by alumni groups from New Castle and Sharon at 8 o'clock in the Community House. The Sharon group, directed by Paul Gamble, will present "Enter the Hero". The cast will include: Mrs. Eleanor Gamble McConnell, Ruth Wagoner, Paul Gamble, and Helen Cushman. New Castle alumni will present "Apartments to Let", directed by Ruth Lewis. The cast will include: Betty Glover, Mrs. Harriet Martin McFate, Ruth Lewis, and "George Spelvin".

A dance will be held in the gymnasium from 8:30 until 11 o'clock. At the same time, a party will be held in Browne hall for those who do not wish to dance.

Those in charge of the day's activities are: Frank L. Burton, New Castle, president of the Westminster Alumni Association; and a local committee are: Mrs. James McLaughry, Earl Black, James A. Pitzer, Dr. Elizabeth McLaughry, Miss Elizabeth McBane, and Miss Belle Corinne Mercer.

Why Children Need a Liquid Laxative

The temporary relief children get from some synthetic, habit-forming cathartic may cause bowel strain, and even set-up irritation in the kidneys. A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to give the child "a double dose" a day or two later.

Can constipation be corrected in children? "Yes!" say medical men. "Yes!" say many mothers who have followed this sensible medical advice: 1. Select a good liquid laxative. 2. Give the dose you find suited to the system. 3. Gradually reduce the dose until the bowels are moving regularly without aid.

An approved liquid laxative (one that is widely used for children) is Dr. Caldwell's Syrup Pepsin. The mild laxative action of this excellent preparation is the best form of help for children—and grown-ups, too. The dose can be regulated for any age or need.

Your druggist has Dr. Caldwell's Syrup Pepsin. Member N. R. A.

All-Association Supper Plans Are Made By Committee

Expect Several Hundred Will
Attend Y. W. C. A. Event
On November 24

Representatives of near 20 different clubs and committees of the Young Women's Christian association conferred with each other at a general meeting Wednesday afternoon and made plans for the all-association tureen supper which is scheduled for Friday evening, November 24.

Mrs. Roy Long, chairman, presided over the meeting. The time for the supper was set and program plans were talked over. Every representative present took a keen interest in the arrangements and it is anticipated that this year's all-association supper will be even more elaborate and better attended than that of last year. Several hundred members of the "Y", its classes and clubs were present then.

"World Fellowship" will be the theme carried out in table decorations and program. Each group will choose a country where Y. W. C. A. work is established and will decorate its table to best illustrate the customs, etc., of that country. The tables must be in shape by 6:15 o'clock and ready to be viewed by a group of judges. They will be judged 20 per cent for neatness, 40 per cent for originality and attractiveness and 40 per cent for their attractiveness to type.

Those present at the meeting were:

Mrs. Roy Long, chairman; Ella McIntyre, Union Girl Reserve club; Lucy Rosatti, Square Circle; Gertrude Dagmon, Modern Poetry and Fiction class; Mildred Dewberry, shorthand class; Mrs. Blanche Dillard, Elm street center; Mrs. W. R. Hanna, membership committee; Anna Taylor, Joy Givers' club of Elm street center; Anna Cline, Modern Citizenship club; Mrs. Julius Vago, International Institute Mothers' club; Mrs. Rook, remodeling of clothes class; Geraldine Flick, George Washington Girl Reserves; Muriel Bailey, Mandolin club; Lenore Beall, Good Will Graduate club; Mrs. Glenn Berry, education department; Miss Alice Sterling, public affairs committee; and Becky Carson, Senior High Girl Reserve club.

Germani Family To Welcome Daughter, Last To Cross Sea

Due For Holidays, Maria, Will
Unite Family To-
gether Again

Christmas, which isn't so far off now, looms to be a holiday twice as merry as any previous one in the

country home of Pasquale Germani, out along R. F. D. 1. At least there's good reason to think it will be.

Across the deep, blue sea from Italy, Mr. Germani's native country, will come his 13-year-old daughter, Maria, to join the family she has not seen for years.

Maria's uncle, an American citizen now, will be her escort on the ocean voyage which will unite once more the entire Germani family. Other brothers and sisters of Maria were brought to America earlier.

Mr. Germani at different times has been able to return to Italy to visit Maria, but several years have expired since his last trip. He eagerly awaits Maria's coming—by Christmas, he says, she should be here.

Mrs. Ethel M. Stonemetz has filed an application at the prothonotary's office for a divorce from her husband, Fred O. Stonemetz, on the grounds of desertion. They were married in August, 1914, and lived together until September, 1930.

Objects Inspired By Library Books Will Be Placed On Display

Do you have a rabbit or a pumpkin or a dress or a lampshade that came into existence as a result of something you read in a New Castle free public library book?

If so, get it out of the kennel or garden or clothes closet or bedroom and make it ready for exhibit. For, in the very imminent future the New Castle free public library will have an "At Home" for all exhibits of commodities, handicraft articles, barnyard fowls—anything that attributes its manufacture or raising to instructions or ideas read by the owner from a library book.

One day will be set aside by Miss Alice M. Sterling, librarian, and prospective exhibitors are asked to watch The News for the date and hours. As the library will not be able to take responsibility for the keep of the displays, the owners will take them along when they leave. Each exhibit will be displayed as soon as it arrives.

One period will be devoted to receiving exhibits from adults—another to those from children.

Winter's Coming Boosts Demands For Free Coal

County Board Has 800 Calls To Investigate; Coal Men Co-operate

The Lawrence county emergency relief board investigators have over 800 applications for free coal to investigate as cold weather sets in. Dr. G. S. Bennett, chairman, today announced. He stated that most of them come from the New Castle district alone, entirely apart from the Ellwood City district. Determined to keep the houses of needy families warm this winter, Dr. Bennett explained that the board is doing everything in its power to supply every ton of coal needed. The county board, the chairman

explained, has received the full cooperation of local coal dealers in its effort to meet the needs of November.

Pennsylvania Power Contract Is Renewed

(International News Service) WILLIAMSPORT, Pa., Nov. 10.—City commissioners of Williamsport, by a vote of four to one, have decided to renew their street lighting contract with the Pennsylvania Power and Light Company.

The contract will be in effect for 10 years, at a cost of approximately \$50,000 annually.

Councilman P. J. McGowan argued for the establishment of a municipal light plant. Including the installation of about 5,000 light poles in the city, the cost of McGowan's proposal would be nearly \$400,000.

Notorious Bandit Believed Kidnaper Of Coast Youth

"Pretty Boy" Floyd Named In Connection With Kidnaping Of Brooke Hart

(International News Service) SAN JOSE, Cal., Nov. 10.—The name of "Pretty Boy" Floyd, notorious mid-western bandit and killer, today entered the investigation of the kidnaping for a \$40,000 ransom of Brooke Hart, 22-year-old scion

of a wealthy and prominent San Jose family. Sheriff William J. Ennis said he had received information that the abduction was the work of a gang headed by Floyd.

Floyd has been reported seen in various parts of central and southern California during the last few months.

Kentucky Woman Is Appointed To Be U. S. Delegate

Woman For First Time Will Serve On Committee For Pan American Discussion

(International News Service) WASHINGTON, Nov. 10.—Marking the first time a woman has been appointed a delegate to any gathering of the Central and South American states, the White House today

announced Miss Sophonisba P. Breckinridge, a native of Lexington, Ky., would be a member of the American delegation to the Pan-American conference at Montevideo.

Miss Breckinridge, a noted social worker, is a member of the faculty of the University of Chicago.

Warren H. Kelchner of Pennsylvania will be secretary to the delegation. filiated with the building trades division of the American Federation of Labor, in which workers were informed a "war council" had been formed to fight the code proposed by the construction league of America.

Federal Funds To Aid Water Works

(International News Service) SHIPPENSBURG, Pa., Nov. 10.—For what was perhaps the first public improvement started in Pennsylvania with the aid of federal relief funds, ground was broken here

recently to erect a \$150,000 water plant. Two hundred men will get employment.

The project involves laying 11 miles of concrete-lined 12-inch pipe. To avoid a six weeks' delay by getting bids, the federal government authorized the borough to proceed at once on the project. The town's water supply, which proved inadequate in the droughts of 1931 and 1932, is expected to be doubled by the improvement.

STUDENT COUNCIL GROUP MAY VISIT NEIGHBORING SCHOOLS

Two new members, the representatives of the Sophomore B class who were recently elected, were present on Wednesday, November 8 at the weekly meeting of the Student Council. These newly-elected members are Dorothy Ward and Manuel Karkos.

After the opening ceremonies, the report was heard on the results of the song card sales. It was found that expenses have been made and there is a surplus. A committee was appointed to sell the cards in the junior high schools of the city. The student court committee was enlarged by adding five members of the student representative organization. A decorating committee and an awards committee were appointed.

These consist of the following members:

Decorating committee: Mary Miller, Pat Maher, Marjorie Kellogg, Howard Rumbaugh, Joe Wysocki, Gene Schweinsberg, Betty McConahy, Ise Sonneborn and Richard Ramsey.

Awards committee: Bill Shira, chairman; Betty Matthews, Frances Stickle, Jean Casselman, Joe Howley and Betty Bridenbaugh.

The corresponding secretary was authorized to write to schools in Sharon, Butler, Youngstown and Pittsburgh for information concerning their student councils. The Ne-Ca-Hi Student Council hopes in the near future to visit some of these organizations in nearby schools.

Assembly Pays Silent Tribute To Soldier Dead; Hear Mr. Caldwell

The annual Armistice Day assembly program was presented today by the men of the faculty who served in the World War. The band played while the school assembled, and after an introductory announcement, the entire assembly sang "America." The program opened with the presentation of colors and salute to the flag led by Mr. Weide and the color bearers, Alan Chamberlain and Bob Garvin. The singing of the "Star Spangled Banner" followed, at the close of which, Mr. Nelson led the devotion.

Introductory remarks, "Why This Assembly?" by Mr. Copson opened the program proper. There followed a recitation by William Fletcher, "In Flanders Field" by John McGraw, Evelyn Van Buren then gave "America's Reply," by R. W. Lillard. The next feature of the assembly was a trio consisting of Ruth Wilkison, Cecelia Hasulak and Mary Virginia Roberts, who sang, "Sleep, Soldier Boy, Sleep," by Alexander. Beatrice Belknap followed with a recitation, "Vive la France," by Charlotte Holmes Crawford, and then the speaker was introduced by Mr. Margraff. The address of the occasion, delivered by Attorney William Caldwell, was the main feature of the commemoration of Armistice Day and was greatly appreciated.

The program drew to a close with the playing of the stirring "Over There" by the band under the direction of J. F. Replogle. Then, with the entire assembly facing West, "Taps" and echo were blown by Alfred Sadler and Clarence Lennig, and thirty seconds of silent prayer were offered for those who gave their lives in the World War.

The assembly adjourned with music by the band.

Paul In Macedonia

"Brass Tacks" On The Sunday School Lesson

The Golden Text

Acts 16:31—"Believe on the Lord Jesus Christ and thou shalt be saved."

(The International Uniform Lesson on the above topic for Nov. 12 is Acts 15:36-17:15, especially 16:9-15, 25-31 (the Golden Text being Acts 16:31. "Believe on the Lord Jesus Christ, and thou shalt be saved.")

By DR. ALVIN E. BELL

God has set the world in Paul's heart. The missionary fever soon gripped him again after his return from his first journey and urged him to say to Barnabas "Let us go again and visit every city where we have preached the word of the Lord and see how they do." The world was his parish.

Choice of personnel is so hazardous an expedition is of vital concern. Therefore, John Mark, who deserted them on the first expedition is persona non grata to Paul on this expedition despite his kinship to Barnabas. It caused "sharp contention" between Paul and Barnabas, resulting in their separation but in no sense in the alienation of their affections for one another. Barnabas gave Mark the second chance which Paul refused him and Mark made good, even in the judgement of Paul a result for which we may thank Paul's severity as well as the charity of the "son of consolation" as Barnabas deserves to be named.

Closed Doors and Open

Paul's journey, this time, overland with Silas through Asia Minor into Europe, affords an interesting study of thwarted plans and an indomitable and unceasing purpose.

day? There are closed doors today, many of them. Let us not give up in despair or impatience. Let us push on undaunted until doors open again and we find the "straight course" which may still be hidden in the maze of these depression years. But when the vision and the voice are given let us be ready and willing to match it with our venture as we respond to the world's cry of need "Come over and help us."

Songs In The Night

In Philippi the missionaries' conflict with the vested rights of those who trafficked in human weakness brought them into prison and dungeon. But their songs in the night centered the interest of jailor and prisoners upon Christ and God sent an earthquake to set them free and add to the fruits of their ministry, as they went on their way to Thessalonica and Berea in such triumph that their persecutors honored them with the title "these that have turned the world upside down."

"I'm a dyed-in-the-wool Chipso fan," laughed Mrs. Philip Luthy of Bloomfield, N. J. "All my neighbors know it! Many's the compliment I've had from them on my lovely white washes! That's not boasting, either. I always tell them CHIPSO does my washing for me! It saves boiling and rubbing. And it's safe for everything—from Walter's sweaters to Claire's pretty silk dresses."

"I use Chipso altogether," Mrs. Luthy continued. "I like it for dishes. It makes them sparkle. And a handful of Chipso in my

scrubbing pail makes washing down the woodwork ever so much easier. There's another reason, too, why I always recommend Chipso to my friends. It's this. Chipso keeps my hands so smooth and soft."

Chipso suds soak a big wash snowy-clean in a jiffy. No need for the rubbing that's so hard on good clothes—and on you, too. And Chipso goes after the dirt without fading colors! You can trust your nicest things to Chipso suds. They'll come up bright and smiling time after time.

Chipso is not adulterated with the harsh substances contained in inferior soaps which gradually weaken fabrics and dull their color. Chipso loosens dirt harmlessly by RICHER SUDS. That is why Chipso-washed clothes stay new-looking for years.

Don't endanger the clothes you have spent good money for by washing them in cheap flakes or strong granulated soaps and powders. Get Chipso from your grocer. At its low price, Chipso is the biggest value in rich, safe soap on the market today!

Hitler Speaks Against War

Chancellor Makes Address To German People On Verge Of Election

(International News Service)

BERLIN, Nov. 10.—Reasserting Germany's determination to achieve arms equality with the world, Chancellor Adolf Hitler today issued a ringing challenge to statesmen who plunge the world into war without knowledge or experience of its horrors.

"It is madness," he said in a speech broadcast to the United States, "to think that I favor war."

"I fought for four and one-half years, and I know war. I should like to know how many foreign statesmen did the same."

Hitler spoke in the huge dynamo hall of the Siemens electric plant. His speech, circulated to win government support in the election and plebiscite scheduled for Sunday, was heard throughout the nation.

The chancellor said he had been a workman himself and consequently feels an intimate connection with the oppressed laboring classes, who have suffered not only from war but from inter-party strife. He reiterated his demand for a one-party totalitarian state.

"I do not care for intellectuals, for bourgeoisie or for proletarians," he said. "I want only one whole German people."

The chancellor advocated peace, freedom and equality for Germans and the German nation.

"We will never again attend an international conference," he reiterated, "unless we are treated as an equal."

Funeral This Week For Accident Victim

Sister Of Local Resident Dies; Other News Concerning Local Welsh People

(By WILLIAM A. JOHNS)

(Brython)

Mr. and Mrs. William J. Isaacs, of Highland avenue, have arrived home after attending the funeral of Mrs. David Harris, of Martins Ferry, O.

Mrs. Harris met with an auto accident last week at Martins Ferry, which resulted in her death. She was a sister of Mr. Isaacs, and was born at Swansea, South Wales. She came to United States 40 years ago and spent most of her years at Martins Ferry where she was very active in social and religious work. She was a faithful member of the Welsh Congregational church of that city, and was well known in New Castle on account of her frequent visits.

John Phillips, son of Mr. and Mrs. Griffith Phillips, of Lyndal street, who was in an auto accident on the Youngstown road last Sunday evening with other young friends, is recovering very nicely. He will be home this week from the Youngstown hospital.

Word has come from Mr. and Mrs. William H. Davies, of Whiting, Ind., that their young daughter Margaret is not in good health at the present time. The young woman is well known in New Castle owing to the fact that she lived with her parents here for many years.

The many friends here will be glad to hear that Mrs. William C. Price of Los Angeles, Calif., is getting better after spending some weeks at the General hospital of that city. She is able to be around again.

A party from the Christian and Missionary Alliance church will conduct the services at the Emmanuel Baptist church Sunday evening at 7:30.

John Harvard, of Euclid avenue, will reach another milestone on life's journey this month. He and his family will celebrate his 85th birthday. He was born in a noted town of Wales, Dowlais, the home at the time of the largest iron works in the world. There he started his life as a workman. From there he went to England to work. Very nearly 50 years ago he left England for United States and lived some time at Youngstown. Thirty-seven years ago he moved with his family to New Castle where he secured employment at the Greer tin mill which was ready to start then.

Members of the Star of Wales Lodge No. 60 True Iovites of America will meet this Saturday evening at the school room of the Emmanuel Baptist church to receive the report of the committee.

Name Principals In Kidnap Ring

Chicago Officials Learn Names Of Leaders Of Gigantic Kidnap Ring

(International News Service)

CHICAGO, Nov. 10.—The two principal fugitives in the nationwide kidnap ring which has exacted tribute of more than \$600,000 from its victims today were revealed by authorities as being John ("Handsome Jack") Klutas, a man of many aliases, and his partner, Eddie La Rue.

Melvin H. Purvis, head of the federal bureau of investigation here, disclosed that Klutas, a personable chap about 35, is wanted for a wanton murder in Washington, Iowa, on June 20, 1930.

One of the bridges is on the Northwestern line and the other on the Illinois Central line. Both are about three miles from here.

Kidnaping Gangs Are Hunted Out

Chicago Police Close Nets Tighter Around Kidnaping Gangs

GIGANTIC RING BEING SMASHED

(International News Service)

CHICAGO, Nov. 10.—Federal and state authorities today closed tighter the network of evidence being piled up against two daring kidnaping gangs responsible for some 34 abductions that netted nearly 1,000,000 in ransoms during 1930 and 1931.

Melvin H. Purvis, local chief of the bureau of investigation department of justice, for the first time disclosed the evidence obtained against Roger Touhy and his gang of desperadoes who, according to Purvis, staged between 25 and 30 kidnapings here, taking \$400,000 from its victims.

Dr. Roscoe R. Spencer of the United States Public Health Service has joined with Dr. Herman N. Bundesen, board of health president in a campaign to curb the disease.

Automobile repair business, showed an increase today as the result of King Winter's curtain of snow last night which blanketed streets and lanes, became a sheet of "glass."

Cars had trouble ascending and descending hills. However, it was more difficult to descend the slippery hills last night than today, though it was still difficult today.

Many cars skidded on the hills before ashes were placed on the inclines last night. Police were stationed at the top of some hills directing traffic.

Ashes were placed on the various hills but Highland avenue still was not ashed above Lincoln Ave. nor below Grant street but was ashed between Lincoln and Grant.

State Highway patrolmen reported that all of the highways in the county were exceptionally icy last night and early this morning but received no reports of serious accidents.

Philadelphia Is Still Dry Spot

Camden, N. J., Is Doing All Of Business Just Over The River

(International News Service)

PHILADELPHIA, Nov. 10.—Although the necessary number of states have voted to kill prohibition Philadelphia was still a dry city today by police edict.

Cocktail glasses may clink merrily over the country but Philadelphia police today were under orders from acting superintendent Joseph Lestrange to arrest all violators, even the half-pint variety, until the state and federal dry statutes have been formally expunged.

The result was a steady trek of Philadelphia's thirsty across the Delaware river, to Camden, where saloons were openly selling their wares. Highballs and cocktails sold there in most places for 35 cents while New Jersey's famed applejack was being dispensed at 15 cents a glass.

Work On Federal Projects Delayed

Seek To Curb Lavish Expenditures On New Post Office Buildings

(International News Service)

WASHINGTON, Nov. 10.—A fight led by Director of the Budget Lewis W. Douglas to curb lavish expenditures for federal court buildings and post offices has delayed action on many important projects, members of congress were informed today.

Douglas, it was reported, has been joined by Secretary of Interior Ickes, administrator of the public works fund, while the present policy is vigorously defended by architects and other public buildings officials.

The question, it was said in congressional circles, will be decided by President Roosevelt.

U. S. Chamber Of Commerce Declares Plans Affecting 1,300,000 Bucked

(International News Service)

WASHINGTON, Nov. 10.—The United States chamber of commerce today charged that organized labor is holding up adoption of the plan by which the federal government would undertake to guarantee a nationwide building boom to put 1,300,000 persons back to work in this basic capital goods industry.

Henry I. Harriman, president of the chamber, made the charge in a special communication contained in an article in the master construction code published in the "Washington Review" a semi-monthly issued by the chamber.

His charge followed revelation yesterday that a letter is being circulated among members of unions af-

County Pays For Bridge And Road Out Of Gas Tax

County Share Of Willow Grove Bridge Contract Amounts To \$62,177.77

W. PITTSBURGH ROAD SHARE IS \$37,844

Lawrence county's share of the cost of erecting the Willow Grove bridge, amounting to \$62,177.77, was paid today, according to County Controller R. C. McCaslin. The entire cost to the county was paid from the county's share of the gasoline fund.

The contract price of the Willow Grove bridge, as submitted to the state highway department at Harrisburg, was \$121,962.82. Extra work, not in the contract, amounted to \$2,392.72, or a total cost of \$124,355.54. Of this amount the state paid one-half and the county one-half.

The county gets a certain percentage of the tax on gasoline collected here and it was from this fund that the entire cost to the county was paid. The county also paid its share of the cost of building the West Pittsburgh road from the gasoline fund. The total cost of this improvement was \$61,844.10. The state's share was \$24,000 and the county's \$37,844. In addition to paying for both these improvements out of the gasoline tax, the county still has a substantial amount in the gasoline fund which can be paid for future improvements.

A little girl later told bank clerks she saw a woman pick up a package near the bank entrance and walk rapidly away.

At the conference the M. L. & H. company promised to show contracts with companies from whom they buy gas.

Sometime ago the league complained that the company mixed artificial with natural gas and also that the company was paying to companies from whom they bought gas too high a rate. The league asserts that should be obtainable by consumers at about 45 cents per thousand feet instead of the present rate which is 60 cents here.

At the conference it was questioned whether or not the commission would compel the company to show the M. L. & H. company contract with the Hope and also other natural gas companies. The league hopes to force the Hope company to take a lower rate for their gas or have the M. L. & H. company go into court and ask that the contract with the Hope company be set aside. Lieutenant Zuver holds a map of the barracks as it appeared in 1828 when plans were under way to convert it into an asylum for soldiers suffering from mental disorders. It also is planned to establish a museum within the old guardhouse.

The excavations will be begun under the supervision of experts who have been making a careful study of the burial grounds. Letters and other data conveying information on the subject have been resurrected from ancient files of the British war office and are now in the hands of Lieutenant Zuver.

IT TAKES

ALL 3

TO MAKE THIS POWERFUL MOTOR FUEL

1 BETTER CRUDES

The gasoline made from certain crude oils has far better characteristics than that made from others. ATLANTIC carefully selects only the very finest crudes for the production of ATLANTIC WHITE FLASH PLUS.

2 BETTER REFINING

The "cracking" process... as applied by ATLANTIC... produces a more powerful and all-round satisfactory fuel than any other method known. Because of its expense, however, only a few companies use it.

3 BETTER ANTI-KNOCK

This great fuel also contains the finest anti-knock fluid known, lead (tetra-ethyl)... formerly used only in premium-priced gasolines. Another plus-value. Now it's yours at no extra cost.

rection of Mrs. F. B. Horn will be the guest singers. Mrs. Horn is also head of the Monday Musical chorus and is a conductor of more than local recognition. The quartette choir of the First church will also sing and Dr. McClure, the pastor, will make a brief address.

The musical program is free and open to the public and is in the nature of a benefit for Rev. and Mrs. Carl Gustafson, who recently left New Castle for India to resume their missionary work. The voluntary offering will be sent to the Gustafson family.

(International News Service)
PALMER, Mass.—If Jocko, the monk hadn't been so tightly with a certain cat, he might still be roaming free today. Jocko, the pet monkey of Miss Kate Irwin, escaped from home, and was eluding his pursuers easily, until he spied his friend cat frolic on the Irwin lawn. Jocko went over to say hello, and Miss Irwin caught him.

**Rebuild Ten Miles
Of Electric Line**

Ten miles of electric service lines have been rebuilt between Ingomar substation and Thornhill substation, according to officials of the Pennsylvania Power company. The line rebuilt was formerly a Harmony electric line. The construction, according to the local officials, was accomplished without interrupting service.

**Power Co. Builds
New Pole Line**

Completion, of, approximately, 6 9-10 miles of a new pole and electric line between Mars and Wexford was announced here today by officials of the Pennsylvania Power system.

The construction was directed from the New Castle office.

The line will supply service to townships in Butler and Allegheny counties and is expected to furnish a much improved service. Two months were required for the job which was of a unique type of construction.

The line was constructed to stand a million volts surge—which means that a bolt of lightning with 1,000,000 volts power would not affect the service.

One hundred and sixty poles were required for the line.

Department Store Sales Increase In Month Of October

Sales For October This Year About On Level With Same Month In 1932

(International News Service)
WASHINGTON, Nov. 10.—Department store sales increased from September to October by somewhat less than the usual seasonal amount, resulting in a drop of one point in the index, the Federal Reserve Board announced today.

Preliminary figures showed that the board's index, which takes allowance for both the number of business days and for usual seasonal changes, was 69 in October on the basis of the 1929-1932 average as 100, compared with 70 in September and 77 in August.

In comparison with a year ago the value of sales for October was about the same. The aggregate for the first ten months of the year was 7 per cent smaller than in 1932.

The federal reserve figures are based on the dollar volume of business of 466 stores in 216 leading cities.

Auto Dealers Code Is Now In Effect

Retailers Agree Not To Sell Automobiles At Discount Under Any Condition

Secretary Ray F. Hall, of the Lawrence County Automobile Dealers association, has received information from F. W. A. Vesper, chairman of the National Control committee of the Motor Vehicle Retailing trade, to the effect that the marketing rules of the code are now in effect, except the used car section. The date of enforcing the latter section will be announced later.

In connection with the establishment of the code, Mr. Vesper makes the following statement:

"Our interpretation of the code of the Motor Vehicle Retailing trade, which became effective November 3, relative to 'fleet discounts' is as follows:

"It will be considered a violation

of our code for any retail dealer to sell new cars at a discount, except as provided under code rules for clean up of models being discontinued.

"It will be considered a violation of our code if any retail dealer is a party to a fleet transaction whereby he takes in the used cars offered in trade, or assists in the delivery of the new cars, at a discount, which in any manner reduces the amount of his regular dealer's retail discount as applied to individual retail transactions.

"I feel that this interpretation should entirely set at rest any rumors that the purpose and intent of our code has suffered through any change."

A meeting of the troop committee for Boy Scout Troop No. 4, composed of ten Mahoningtown men, will have a meeting at four o'clock this afternoon with John M. Bevan of the Mahoning Savings and Loan office.

Snowstorm Recalled On Its Anniversary

Traffic Stopped, Communication Down, Twenty Years Ago Thursday

Twenty years ago yesterday, Mahoningtown was shrouded by a severe snowstorm. For a period of twenty-four hours no traffic moved, telephone communication was interrupted and the residents had no choice but to stick close to their hearths and wait for the wheels of commerce to thaw out.

The snow started falling on a Sunday. On Monday it had crept to a disconcerting height. Many of the business men opened their stores as usual—but had no customers.

Since the bridge over the Venango river (where the Gardner avenue viaduct now stands) had been washed away by the 1913 flood, a foot bridge was in use. Persons traveling by trolley from New Castle received a transfer upon arriving at the foot bridge. After crossing the river they were met by the Mahoningtown trolley car and carried the rest of the distance.

When the storm hit this section, Mahoningtown found itself with a trolley car but without a snow plow to clear the tracks for it.

Miners' Families Taken Off Relief As Work Resumes

Resumption of activity in the coal mines of the Leesburg district today had brought about the reduction of almost 35 families from the relief rolls of the Lawrence County Emergency Relief board, Executive Director Wilson Hall announced.

Mr. Hall said the families had been added about October 18, shortly after the miners went out on strike when the larger bituminous fields of western Pennsylvania became paralyzed.

Both Mines No. 2 and No. 5 were affected when mining ceased, and families were forced to apply here for aid.

Elinor Smith Is Secret Bride

Aviatrix Says Marriage Will Not Interfere With Flying

(International News Service)

NEW YORK, Nov. 10.—Marriage, Elinor Smith said today, will not interfere with her flying.

"Marriage?" listeners asked.

"Certainly," laughed the aviatrix, who formerly held the women's altitude and endurance flight records. And she disclosed she has been the

secret bride of Assemblyman Patrick H. Sullivan since last July 30.

The couple were married at Hicksville, Long Island, where the aviatrix's parents live. It was an elopement, Mrs. Sullivan said, but her parents were notified soon afterward.

"I wanted a bridal bouquet so bad," she confessed, "but I was afraid to buy one because then our secret would be out. So I just picked some flowers from the garden of the St. Ignatius church as we went in."

Sinks, drains and tubs can be kept clean from grease and disagreeable odors by pouring hot salt brine through them once or twice a week.

A flattering black crepe gown has a deep V-shaped yoke beaded with fine white beads alternating with pearls.

One of the new berets has a visor which you may wear back or front, to suit your mood.

"In this economic readjustment," observes a financier, "we might as well make up our minds to a long pull and a strong pull."

Incidentally one of the great needs of the day is a minimum tax—Lowell Evening Leader.

Joe Battung, Of St. Vincent's College Elected Squire Of Beatty, Pa.

(International News Service)
BEATTY, Pa., Nov. 10.—Squire-elect Joe Battung doesn't want his elective position.

Today he was told how to avoid accepting the post.

It seems that students at St. Vincent's Academy, where Battung will soon graduate, put him up as a candidate at the primaries and he won. In the general elections, with

the entire student body solidly behind him, Battung whipped the incumbent in balloting.

Westmoreland county officials told Battung that unless he files bond, his post will be declared vacant and the governor will be called upon to appoint a successor.

First Baptist Plans For Sunday

**Church School Will Consolidate Some Classes To Suit
Hampered Quarters**

Paul D. Weller, superintendent of the First Baptist church Sunday school, announces the result of the board meeting conference Wednesday night, at which time plans were made for housing the members of the Sunday school for Sunday, inasmuch as most of the rooms used for Sunday school were damaged by the fire which destroyed part of the building last Monday.

The following plans cover only Sunday, November 12: The officers of the school discussed the question of using the North street school building, but it was decided to remain in their own building. Dr. Green consulted with the members of the school board and the school was offered. The board, through the News, extends a vote of thanks to Dr. Green and the members of the board.

The D. S. Williams class will use the class room now used by French Johnson's class. Mr. Johnson's class will go in with the men's class. The junior department will use the D. S. Williams class room for the entire period of Sunday school.

Mrs. Woodrow's class will use one of the rooms in the junior department, as will William Hammond's

class; Mrs. Mary Landis' class and Margaret Koch's class. Mrs. Masters' class will consolidate with William Bowman's class.

The conference expressed this one important fact: that all members of the Sunday school be in attendance. While the school will be more or less congested, the attendance must be maintained.

Find Women Are Backing Recovery Effort In Nation

**Women's Organizations Are
Giving Endorsement To
President's Efforts**

There is every indication that the great masses of the women of the United States are standing loyally behind the government's drive to end unemployment and the depression. Mrs. S. D. Pearson, president of the Federation of Women's clubs, said today:

"Reports and messages reaching local NRA headquarters from Washington," said Mrs. Pearson, "indicate that women's organizations all over the country are officially going on record with wholehearted endorsement of the special efforts being sponsored by Uncle Sam to find jobs for the unemployed and end the distress brought about by the business slump."

Recently Mrs. Grace Morrison Poole, president of the General Federation of Women's clubs, with a membership of 2,000,000, returned to her home in Washington after a four weeks' speaking campaign on behalf of the recovery program. She traveled over a number of states in the West and Southwest. Everywhere she found women more optimistic and more willing to patiently await eventual good from the NRA. She stated that women in Wyoming, Idaho, North Dakota, South Dakota, Nebraska, New Mexico, Colorado and Texas are taking an active, intelligent interest, and are loyally patronizing the shops and industries lined up with NRA.

"And in the same spirit the Idaho State Federation of Women's Clubs at its recent convention adopted a resolution approving the National Recovery Act. The Michigan State Council of the United States Daughters of 1812 at their recent convention in Detroit unanimously pledged its influence for support of the National Recovery Act. The Rochester Diocesan Council of the National Council of Catholic Women in a convention assembled at Rochester, passed resolutions expressing their satisfaction at the achievements of the NRA has already effected, especially in the re-employment of over 3,000,000 wage earners and the outlawing of child labor. The council pledged its fullest support and co-operation to the government to the end that social injustice be abolished throughout the land." And the Missouri Daughters of the American

Revolution were among the many other women's organizations to go on record officially as working under the banner of the Blue Eagle. Also a number of the chapters of the Women of the Moose of California have gone on record recently in endorsing the NRA.

These are just a few of the many concrete evidence of the fine support which the women of America are giving this special effort, Mrs. Pearson pointed out.

New Castle And Butler To Play Saturday

Armistic Day Battle Will Bring Old Rivals

Lieutenant-Governor Shannon Will Be Interested Spectator At Football Game

Taggart Stadium Will See Biggest Crowd Of Year; Kickoff Is Due at 2:30 P. M.

New Castle High School "Red Hurricane" football team's unbeaten and untied record to date will be jeopardized Saturday afternoon at Taggart Stadium when Butler high, ancient rivals of the New Castle High teams since 1907, will resume grid-iron relations. The kickoff is scheduled for 2:30 p. m. In the stands among other thousands who will no doubt jam Taggart Field for this schoolboy contest will be Lieutenant Governor Edward C. Shannon who will come to New Castle to address the ex-service men in the gigantic Tri-County celebration to be held in New Castle Saturday.

The game marks the eighteenth Butler and New Castle meeting. The series which began back in 1907 stands ten victories for New Castle and four for Butler. Three of the games have been tied. There is particular interest in this engagement. Butler High comes to New Castle with a record of having won all of their games this year with the exception of the Beaver Falls contest. Coach Regis Heinzer will bring a big powerful team to Pa. New's domain, and they hope to make a creditable showing against the "Red Hurricane." Butler's line will be just as heavy as the front wall to be presented by the Bridenbaughmen. New Castle will have a little weight advantage in the backfield.

Butler Primed
New Castle High team is not taking this game as it would appear on the surface. Well, does each of the wearers of the red and black jerseys know that Butler High has been priming for New Castle for the past two weeks. Butler High didn't play last week. They have had two weeks or rest. Coach Regis Heinzer has seen New Castle play most all of the games on the card this year.

W. Merriman (Geneva). Umpire—Dave Fawcett (Westminster). Linesman—Paul "Buck" Templeton (Pitt). Kickoff at 2:30 p. m.

The Butler High mentor knows what to expect. He will be prepared. All of the teams on the New Castle schedule come here with the purpose in mind of trying to shatter that straight winning streak of the locals, now totalling 23 games. It would be a big feather in their cap to do so. Coach Phil Bridenbaugh has the tough position of having to keep his boys keyed up to the highest pitch for all of the games, regardless of the caliber. Any team is likely to come here and catch New Castle on an "off day." The locals must be prepared. Butler will offer real opposition.

Strongest Lineups
The New Castle team had a tough engagement last week at New Kensington to fill. The locals came out of the New Kensington game without any serious injuries. The strongest lineup can be thrown into the Butler game here tomorrow.

It is likely that an aerial battle will be staged. Both New Castle and Butler have been working on tricky pass formations. Both teams are known and feared for their passing attack. Butler will present Sherman, Narbetski, Chernitsky and Sandloop in the backfield and Coach Heinzer has a world of confidence in this quartet of ball toters. Sherman is especially a clever man, and can throw a lot of passes. Chernitsky and Narbetski are the line plungers. New Castle will do well to watch this quartet very closely.

Backfields
Bridenbaugh will use Ridley at quarter and Nickum and Lane or James at the halves. Lane is bothered with an injured ankle and may not start the game. Charles James a likely looking reserve halfback will probably get the call. Walter "Powerhouse" Kominic the captain will be at fullback and "Cammy" is prepared to play one of his big games Saturday. He is perhaps the

best line plunger in the Western Pennsylvania district and a man feared by all opponents. Faculty Manager Ralph H. Gardner is anxiously looking to the weatherman to furnish a fine day for the big New Castle-Butler game. In event of clearing skies, the turnstiles at the field will no doubt click the considerable interest in this game. The fans think that Butler High has the "stuff" this year that may make the New Castles curl up.

There has not been what you could call a good crowd at Taggart Field this year, but the game here Saturday should be the one to break all existing records. There will be visitors in town from Mercer, Butler and Lawrence counties, and the center of attraction for the afternoon will be the football game.

A special ceremony is being arranged for the entrance of Lieutenant-Governor Shannon and his party into the stadium. The fans will be asked to stand at attention as the 19-gun salute is fired for the state official. Major-General Shannon is also commanding officer of the Pennsylvania National Guards and will be so honored.

Shannon and his party will occupy special boxes erected in front of the concrete stands along the 50-yard line. This will be New Castle's first distinguished visitor at a football game at Taggart Field.

The big iron gates of Taggart Field will swing open at 12:30 p. m. and at 1 o'clock there will be a competitive life and drum corps drill by service men from several of the surrounding towns. Prizes will be given the best life and drum corps.

Better plan to get to Taggart Field early and see all the interesting sidelights that have been arranged in connection with the Armistic Day celebration.

Upsets Looked For Saturday In Football World

Duquesne, Purdue, Michigan, Army And Southern California Have Tough Opponents

NEBRASKA LOOKS LIKE CHAMPIONS

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Nov. 10.—At this writing, 24 hours out from football's usual day of disorder, there are some 14 first-rate teams surviving undefeated from the field of many that started off with a lot of optimism and a graduate manager back there in September. However, that part's all right. They still have the graduate manager. As for the others, at least one of them, Oregon or Oregon State, almost inevitably must go down the drain with the rest of the discards; two more, Duquesne and Mississippi, seem to have their numbers up and perhaps as many as four or five others are seriously menaced.

I'm thinking of Princeton, Southern California, Purdue, the Army and perhaps Georgia and even Michigan, all of them won't lose; but some can and undoubtedly will.

Nebraska May Win.
Before the end of the day, the Big Six title either will be retired in Nebraska's care or temporarily returned to circulation. The coast conference, too, must reach some lasting conclusions with its two great meetings at Eugene and Los Angeles. The Southwest also will feature its share of show-down games. So will the Rocky Mountain Region. The others seem reasonably safe.

Following is the preferred list of games that seem to be tops for the day:
Michigan vs. Iowa, with the former again laying its Big Ten title on the line; Georgia vs. Yale; Southern California vs. Stanford; Oregon vs. Oregon State; Army vs. Harvard; Nebraska vs. Kansas; Tennessee vs. Mississippi; Pittsburgh vs. Duquesne; Princeton vs. Dartmouth; Purdue vs. Notre Dame; Pennsylvania vs. Ohio State; Duke vs. Maryland. The latter is important only because Duke is important. It is one of the unbeaten few and I suspect that nothing will be done about that tomorrow.

Further suspicions may be listed somewhat as follows:
To lose: Kansas (to Nebraska); Oregon State (to Oregon); Duquesne (to Pittsburgh); Mississippi (to Tennessee); Pennsylvania (to Ohio State).

Not to lose, Michigan, Georgia, The Army, Southern California, Princeton.

A filer: Michigan State over Carnegie Tech.
A guess: Notre Dame over Purdue. (Looks like I just won't give up, doesn't it?)

Purdue Should Win.
Purdue, on form, ought to win that one. But Notre Dame, on performance ought to win them all. Anyhow, it will have to lose just one more time for me. Kansas doesn't figure at all with Nebraska, which by nightfall ought to take the title home to Lincoln. Neither does Pennsylvania with Ohio State nor Iowa with Michigan.

The latter ought to be propped up by what almost happened to it last Saturday and I don't think Yale's musical comedy version of the Notre Dame attack has any great chance against Georgia's. Meantime, the Army, looks to have too much for Harvard, which seems to have all too little, anyhow. Pitt's main power is the answer against Duke.

As for U. S. C. it not only can keep its record clear by beating Stanford; it also can practically win the coast championship if Oregon and Oregon State play to a deathless tie. In other words, the checks are up.

Very Good Games.
Following is the rest of the slate, with probable winners, possible winners and those that are merely suspected:

East: Navy vs. Columbia (a filer on Columbia); George Washington vs. W. and J. (a filer on W. and J.); Villanova vs. Boston College (Villanova); Fordham vs. N. Y. U. (Fordham); Syracuse vs. Brown (Syracuse); Colgate vs. Ohio Northern (Colgate); Penn State vs. Johns Hopkins (Penn State); Lafayette vs. Rutgers (Lafayette); Holy Cross vs. Manhattan (Holy Cross); Furman vs. Bucknell (you don't know? That's funny; neither do I).

Mid-West: Chicago vs. Indiana (Flash! I don't know); Illinois vs. Northwestern (Illinois); Detroit vs. Catholic University (Detroit); Kansas State vs. Iowa State (Kansas State); Wisconsin vs. West Virginia (West Virginia hasn't won one yet and it's too late to start now).

STEAL STOVE

Would Change Football Rules For Next Year

Leading Coaches Of Country Suggest Many Changes For Present Grid Rules

WOULD WIDEN THE GOAL POSTS

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Nov. 10.—Should the present football code be retained? If not, which rules should be changed?

Leading coaches of the country are as far apart on both questions as Gen. Johnson and some of the opponents of the NRA, a poll by International News Service revealed today.

Some take a "let-well-enough-alone" stand. Others are strongly opposed to the code. Still others, while favoring the game as it is, offer suggested changes.

Few Changes Asked
Glenn Warner, Temple, Dick Hanley, Northwestern, Lou Little, Columbia, Jimmy Gonzelman, Washington U. of St. Louis, Slip Madigan, St. Mary's; Jackson Cannell, Dartmouth, and Andy Kerr, Colgate, demand one or more changes in the code.

The following favor the present rules, although some of them have suggestions for new rules if new rules are to be made: Elmer Layden, Duquesne; Fritz Chrysler, Princeton; Hunk Anderson, Notre Dame; Bob Zuppke, Illinois; Jim Crowley, Fordham; Howard Cann, N. Y. U.; Charles Walsh, St. Louis U.; Clark Shaughnessy, Chicago; Sam Williamson, Ohio State; Reggie Root, Yale, Dr. Ed. Anderson, Holy Cross; and Chick Meehan, Manhattan.

Among the more important of the suggested changes were these:
1. Allow a forward pass from any point behind the line of scrimmage.

2. Allow a fifth down exclusively for kicking.

3. Widen the goal posts to 25 feet.

4. Put the goal posts back on the goal line.

5. Change the penalty on attempted lateral passes.

6. Widen the field ten yards.

It was Chrysler who suggested widening the goal posts to encourage field goal kicking and Madigan who wanted to widen the field to open up the game.

Crisler also suggested that a second pass, growing out of a completed forward pass, if incomplete, be ruled so at the point where the second was thrown.

Coaches Differ
Zuppke, as usual, was vigorous in his denunciation of the old rule which permitted a defensive team to run with a fumbled ball.

"That old rule," said Zuppke, never added anything to football except to give a leader an opportunity to hang around the edges of the battle waiting for a chance to make himself famous."

Lou Little took violent exception to this opinion and contends "That if there is to be loose handling of the ball by the offense and if laterals are going to be thrown and not properly executed or if teams are going to be lax in their protection of the kicker, they should be penalized."

Game Slowed Up
Hanley believes laterals have slowed up the game too much while Madigan says he favors them and we'd have more of them if the field were widened. Hanley, however, favors running with blocked kicks, fumbles and incomplete laterals, "because football needs more of the spectacular."

Kerr would lessen the penalty on laterals and, agreeing with Warner, allow five downs instead of four, and Anderson would permit the offensive team to recover and run with an incomplete lateral but would allow the defensive team only to take possession of the ball at the point of recovery.

Floor Managers Meet Tonight

Church League Organization To Be Completed This Evening

All Church league teams will meet at 7:30 p. m. tonight for the purpose of completing organization, according to Henry MacNicholas, director of Y athletic activities and a prime mover in the Church league. All of the managers should have contracts with them, he states.

The teams have held practice sessions during the past few days at the Y. M. C. A. and it is likely that the A loop will have six teams as follows: Edworth M. E., First M. E., Finnish Lutherans, Sacred Hearts A and St. Michaels. The B loop should be fast as it has the following teams: Sacred Hearts B, Highland U. P. B., First Baptist, St. Johns Lutheran, First Christian, Greek Orthodox, Mahoning Presbyterian, First U. P. Wesley has not yet decided to enter a team.

Westminster Line-Up Shifted For Contest With Muskingum

(Special To The News)

NEW WILMINGTON, Pa., Nov. 10.—Muskingum College will invade New Wilmington Saturday for the grid game with Westminster to feature the annual alumni homecoming of the Titans. The two United Presbyterian colleges are about equal in strength, but the battling Muskies have a little better record for the current season.

Coach John Lawther's men will try to avenge a 7-6 defeat suffered last year at New Concord in a game which saw the Titans register 21 first downs to four for Muskingum, but which the Muskies won by intercepting a pass and turning it into a score.

As a preliminary to the grid game the cross country teams of the two colleges will race over the Fayette five mile course. The Titan harriers have lost to Pitt and have defeated West Virginia, and would like to end the season with another victory.

Coaches Lawther and Martin have shifted their lineup considerably for the game, after finding the offense weak against Grove City last week. As a result, Scarbrough right halfback last season who has been playing tackle all this year, will be back again at right halfback.

One the line Hunneke an Lo-Buono will be at the tackles in place of Scarbrough and Straw; Barry and Young will be at guard in place of Franklin and Watt.

of Hollander and Franklin; Leyschock will be at center; and Leyschock and Watt will play the ends. Ray Sweeney, Bill Staples and Jack Laraway will hold down the quarterback, fullback and left halfback posts.

The lineups:
Westminster Muskingum
Leyschock L. E. Leonard
Hunneke L. T. Young
Young L. G. Geyer
Franklin C. Ralston
Burry C. G. Conaway
LoBuono R. T. Bailer
Watt R. E. Wyper
Sweeney Q. B. McCandlish
Laraway L. H. Furbay
Scarbrough R. H. Realey
Staples F. B. Powell

Referee: Paul Pitting; Umpire S. A. McFarland; Linesman, W. C. Evans. Game starts at 2:30.

Nine Bessemer High Players In Final Game

Bessemer High Will Play Scienceville In Final Home Game On Saturday

Bessemer High School football team will play its final 1933 home game Saturday afternoon at the Bessemer High field with the powerful Scienceville High team as the opponents. The game will start at 2:30 o'clock according to word from Coach J. K. Frederick today.

It will be the final appearance at home for nine of the Bessemer High stars of the Class A championship. The following will be lost to the Bessemer team for next year: H. Marshall, the big star of the back field, a real triple threat man, Captain DeArment, the big tackle, and source of power on the line, Seltzer, Sankovitch, Slavish, Pezzula, Donofrio, Hulena and Wolfe.

Marshall Big Star
Coach Frederick will have to build his 1934 backfield around Shoup, Navarra and Clark. The line will be rather well riddled by graduation.

Bessemer High is favored to win the Armistice Day game on their own lot. Marshall will no doubt be a big star tomorrow afternoon, as he has been all year. This youth is perhaps the best athlete in the Class A schools of Lawrence county, and certainly without an equal in football.

Coach Frederick gave the Bessemer team a final polishing this afternoon on a snow swept football field. The kickoff at 2:30 o'clock Saturday afternoon will find Bessemer ready for a tough battle, and with the strongest possible lineup on the field.

Pigskin Puzzlers

Questions asked by Eddie Collins, former Notre Dame star, answered by Hank Carideo, Missouri coach.

QUESTIONS

1—An end of Team O moves out along scrimmage line one or more steps and does not come to a full stop of one second duration, but is stationary at the instant the ball is snapped. Ruling?

2—Team O punts. End of team O going down field is clipped illegally by a D player on Team O's 40-yard line while the ball is in the air. Ruling?

3—Third down and 10 yards to go on the 30-yard line. Team O punts. The ball is touched by D's quarter-back, rolls over the goal line, and is recovered and downed by a Team D man in the end zone. Whose ball, what down, yards to go on what yard line?

4—Player of Team D standing on his own 30-yard line is about to catch a high kickoff when a player of Team O jumps up and catches the ball. Where and by whom is the ball next in play?

5—Player of Team O fumbles ball near the side line. The ball touches D player who is in contact with sideline, the ball remaining in the field of play where it is recovered by a player of Team-D. Whose ball and where?

ANSWERS

1—Play legal.

2—O's ball at spot of foul.

3—Touchback. D's ball on 20-yard line.

4—D's ball on its 45-yard line.

5—O's ball, 10 yards in from where Team D player touched it.

NOTE—O means Offensive; D means Defensive.

HERE AND THERE IN SPORTS' LAND

Dr. C. M. Booher, Bill Lowman and D. R. Reno are enroute to the bear fields in the vicinity of Kane, having left last night, and their fondest hope is to bring one home. Doc says he has hunted bear for years and has heard them but has not yet been able to shoot one. Reports from Kane environs say there are many bear roaming thereabouts.

Joe Alexander, the councilman-elect, will know the needs of the athletic inclined when he places his brogans beneath the councilmanic table. Joe was one of the best youngsters in his early days and is now an O. & P. team. He has managed boxers and is a keen devotee of basketball and football and no doubt any plan for advancing athletic fields here will have his support. B. B. Butler is also a sport enthusiast. He has sponsored many a horsehoe picking event. In this connection, it may not be inappropriate to say something about the defeated candidates at the primaries. No one in city office ever did more for the baseball and tennis players than Stanley Treser and Louis Genkinger. Many baseball fields annually have been put in shape while they held the reins. They are hopeful that something can be done with Dean park so that it can be made into an athletic field. D. O. Davies when superintendent of parks and buildings took good care of the "kiddies". In fact "D. O.", as he is familiarly known, might properly be called the father of playgrounds here.

Ray Gray, the south side amateur whom Dy Davies said was "a second Johnny Jennings" certainly lived up to Dy's boast. When he fought at the local recently he moved around with the experience of a pro and was in the ring half a dozen times. Williams hopes to see him get somewhere.

Waivers on every player on the roster of the Cincinnati Reds have been sent to other National League clubs as the first step in Larry McPhail's campaign to make a winner out of what has consistently proved a cellar position team. The action is a routine procedure and is a feeler to ascertain what trades can be made, rather than a declaration of intention.

Tifereth Israels To Meet Tonight

Jewish Boys Will Start 1933-34 Basketball Practice

Tonight at 9 o'clock at the Y. M. C. A. floor the Tifereth Israel basketball team will hold its initial workout of the season. All of the players are asked to report promptly. Those not members of the "Y" will be given guest cards. Practice sessions will be in charge of "Hy" Levine, in the absence of a selected coach and captain for the year. A business meeting will be held Monday night at 9:30 o'clock to select a coach and business manager. Also a report will be made on the sale of tickets for the benefit for the church league team.

This year the Jewish boys will combine their two teams and have but one strong team in the church league and the Youngstown Jewish league. Outstanding members of the "B" team last year who are expected to make the grade this year with the "A" team are I. Solomon, Harry Rosenberg, H. Levine, Switzer and S. Rosenberg. Alec Samuels is the acting manager of the Tifereth Israel team.

Union-Shenango Playing Today

On a snow swept gridiron the schoolboy football teams of Union and Shenango highs are playing their annual game today at Taggart stadium. The game got under way at 3 o'clock. Both teams were in fine condition for the battle that is expected to take place. Shenango was the favorite to win. Union hopes to avenge for the defeat handed them last year by Shenango high 7 to 6.

Appreciative Audience Enjoys Clever Production In Lincoln Auditorium

Mrs. Reasman, Sue Cox, Frank Fitzgerald, Orville Cox Have Lead Roles

ELLWOOD CITY, Nov. 10.—A fine appreciative audience enjoyed one of the best and cleverest "home talent" amateur plays produced here, last night, when the local Elks lodge presented "Spanish Moon", for the benefit of the Christmas relief fund, at Lincoln auditorium.

The plot of the production was well developed and was clearly carried out by the capable cast. The many specialty song numbers and dances carried out in a breezy atmosphere, completely captivated the audience. Those who saw the play last night thoroughly enjoyed two hours of good entertainment and were made to forget all their worries.

Only those who have seen the production can appreciate the time, work and worry put into this by the director, Miss Bessie Robinson. The production was a credit to her education and talent. The many details which a cast of nearly 150 local people would create, were carried out to a satisfactory conclusion by Miss Robinson and her aides. The show was a decided tribute to the ability of the cast and the director.

The principals of the show, Mrs. Vera Reasman, Miss Sue Cox, Frank Fitzgerald and Orville Cox, performed their roles in a professional like manner, and kept the audience in doubt and a merry mood. Wally Epiphimer, Pat Cullinan and Homer Garwig supplied all the comedy that could possibly be hoped for in one evening. Their antics kept the audience in a continuous roar of laughter. Miss Marie McDevitt, Chester Dicks and Harold Burns capably supported the principal cast and should receive considerable credit for the success of the affair.

One of the outstanding features of the show was the rendering of special vocal numbers by Mrs. W. D. Porter, Rose Babel and Miss Helen Pozzuto, who at various times delighted the audience with their renditions. Another outstanding event was a dance number by Mr. and Mrs. Joseph Barson, who displayed real talent along these lines. Their interpretation of a Spanish dance was perfect. Their number was received by a hearty applause.

The production also featured many peppy song and dance numbers by several choruses.

The show is to be repeated again this evening at 8:15.

Market Today Is Unsettled

Strength In Dollar Is Unsettling Factor To Market At Opening; Prices Down

PROFIT-TAKING ON FEW ISSUES

(International News Service) NEW YORK, Nov. 10.—Strength in the dollar unsettled the stock market today and leading issues turned down from fractions to about a point under yesterday's close.

Reactionary tendencies were aggravated by the ease in the grain markets and the apprehension of traders over the highly uncertain foreign exchange situation. Trading slowed down appreciably on the decline and the undertone of the market while nervous continued firm.

United States Steel and other pivotal industrial shares including the motors, and oils were under some slight profit-taking pressure and suffered losses running to a point.

Gold mining shares were hit by the failure of the R. F. C. to lift its gold price above the world level and early gains running to more than a point were converted into small losses in the case of Alaska Juneau and United States Smelting.

Liquor shares including National Distillers, Schenley and American Commercial Alcohol continued sluggish.

The commodity markets turned lower with wheat losing about a cent a bushel. Cotton had early gains of more than 50 cents a bale converted into losses of about 15 cents a bale.

Schools Reach Serious Crisis

Nearly 100,000 Children Robbed Of Schools This Year By Lack Of Funds

(International News Service) WASHINGTON, Nov. 10.—A crisis has been reached in the nation's school and education system, George F. Zook, United States Commissioner of Education, declared today in a report submitted to Secretary of Interior Ickes.

"This year, more than at any time in our recent history, the quality, even the existence of schools, in many communities is at stake," he said.

Facts cited in the report are: One hundred thousand rural school children are robbed of education this winter through closing of schools from lack of funds; nearly 2,000 rural schools of 24 states failed to open this fall, 16 higher learning institutions have been discontinued and 1500 commercial schools and colleges are closed; in some communities normally free public schools have become tuition because of fund shortages.

Poland Parents Sue For Hunter's Death

BEAVER, Pa., Nov. 10.—Seeking \$25,000 damages for the death of their son, killed in a hunting accident near Butler, a father and mother of Warsaw, Poland, filed suit in the county courts today.

The suit was filed against Snyder Wawro of Aliquippa, who fatally wounded Joseph Zwolinski. Zwolinski was resting against a fence when Wawro is alleged to have fired at him from a dense thicket.

Invite Teachers To 'Education Sunday' Service At Church

School teachers of New Castle and Lawrence county, through Dr. C. C. Green, city superintendent, and County Superintendent J. C. Sylling, have been invited to attend a special National Education Sunday service in the First Christian church here Sunday evening.

Dr. G. S. Bennett, the pastor, will preach an appropriate sermon on the theme, "The Spirit Value of Teaching." The service will commence at 7:30 o'clock.

Attention of the city and county's educational forces was called by the superintendents to "Education Week" which the country over is observing this week. Sunday, it so happens, has been set apart for special church services planned around the topic of education.

Three Injured As Autos Crash In Snow Storm

Kane And Meadville Report 16 Inches Of Snow; Heaviest Of Early Snows

HIGHWAY CREWS ARE KEPT BUSY

(International News Service) KANE, Pa., Nov. 10.—Three persons were injured, one critically, in an automobile collision on an icy road eight miles north of here today, as highway crews working with snow ploughs and crawler trucks struggled to safeguard motorists caught in McKean county's heaviest November snowfall in five years.

Mrs. A. T. Jones, 44, of Mt. Jewett, was in Kane Summit hospital with a fractured skull, received today when the car she was driving skidded and collided with that of Mr. and Mrs. Franklin Lobdell, of Nantuxet, Conn. Enroute to Cleveland, the Lobdells were removed to the hospital and treated for severe cuts and bruises. Mrs. Lobdell suffered a broken nose.

Official sources reported 15 1/2 inches of snowfall here in the past four days. The fall so far this month exceeds the total November fall for any season in five years.

Marie Dressler Is Honored On 62nd Birthday

(International News Service) HOLLYWOOD, Nov. 10.—Marie Dressler, the distinguished actress whose first stage role, at age 5, was that of cupid, was hailed today as "the greatest trouper of them all."

More than 1000 celebrities at the motion picture world gathered on a gaily decorated stage at Metro-Goldwyn-Mayer studio last night to acclaim "Queen Marie" on her 62nd birthday party.

The internationally broadcast program was started when Miss Dressler walked proudly to an orchid laden table escorted by the no less proud James Rolph, Jr., governor of California, and Louis B. Mayer, studio executive.

"In paying tribute to me," said Marie Dressler, modestly, "you pay tribute, you acknowledge, all the old tropes. I am happy beyond words."

As he crawled under the bus, he discovered it was on fire. He stayed beneath the vehicle and battled the flames while the manacled prisoners were taken from the bus. Although burned badly, Brown distinguished "he flames before much damage was done.

Theodore Elmer Writes Of Near East

Father Of Local Woman Describes "The Institute Of Rural Life" In Beirut

The New Castle News is in receipt of a letter of interest from Theodore A. Elmer, executive representative of the Near East Foundation, Syria Area, in which he speaks of a division of the Near East Foundation's work in Syria with which he is connected, The Institute of Rural Life.

Mr. Elmer is the father of Mrs. Rollin McNutt, who with her husband and two children, live in New Castle.

Mr. Elmer writes that the purpose of this institution is to improve the health conditions and to raise the standard of living of the agricultural peasantry of Syria and Palestine by the establishment of a farm school in the Bukaa plain, half way between Beirut and Damascus, and by the special training of village school teachers in a Government Agricultural school at Tui Karam, Palestine, to prepare these teachers to teach hygiene and scientific agriculture in the schools where the children of the Arab Fellahs receive their education.

A group of men from the American University of Beirut are interested themselves in this institute and they co-operate with the Near East Foundation in raising the standard of living among the peasantry.

The University has been ministering to the needs of the upper classes while the lower classes have been passed by and allowed to continue a life of poverty, disease and squalor. The Rural Life Institute by its program of village health and betterment and agricultural improvement is demonstrating here and there how these conditions may be

improved and is pointing the way to the governments and peoples of the Near East toward better days.

Set him a good example yourself by crossing only when signals are in your favor. Walk briskly across with him, without showing either hurry or nervousness. Early training of this sort is important.

Governor Issues Proclamation Giving Plan For Liquor Control

(International News Service) HARRISBURG, Nov. 10.—State distribution of liquor was proposed by Gov. Gifford Pinchot of Pennsylvania today in convoking the general assembly for another special session next Monday noon.

The governor also asked the legislators to wrestle with the problems of soldiers' compensation which was approved in the sum of \$50,000,000 by voters this week.

Although the assembly is confined to legislative subjects dictated in the call, Governor Pinchot extended the scope to 13 points, outlining a program comparable to the work of a regular session.

It will be the third special session of Governor Pinchot's current administration.

The governor, an avowed dry, urged establishment of state stores to sell liquor solely for non-consumption on the premises after it becomes legal on December 5.
